RE: Information Request

Dear Lamoin:

We are in receipt of your letter dated July 25, 2014, in which you indicate that IFPTE Local 21 does not support placement of the City's proposed changes to Charter Section 1508-A on the November 2014 ballot.

Your letter also requests information regarding certain impacts of Measure B. We are currently in the process of reviewing the information requested, and we will provide you with responses once they are available. However, given IFPTE's lack of support for the Measure B modification proposal, the relevance of the requested information is not clear. Moreover, request number six (6) does not appear to include an information request but merely a statement reiterating IFPTE's rejection of the proposal. Finally, the requested information may not all be readily available due to the nature of the information requested (some of which may not exist) and the form of the response IFPTE has requested.

Sincerely,

Marco Mercado
Assistant to the City Manager
